METROPOLITAN PLANNING ORGANIZATION

PLANNING TOMORROW'S TRANSPORTATION

2022 Call for Projects- Section 5310

Mariei Klein, LPA Staff

MPO Technical Committee – May 25, 2022

MPO Board – June 8, 2022

FTA Section 5310 Overview

- 49 U.S.C 5310 provides formula funding to states to assist in meeting the needs of **older adults** and **people with disabilities**
- Goal: to **improve mobility** for seniors and individuals with disabilities by **removing barriers** to transportation service and **expand** transportation **mobility** options

ALLOCATION

- Funds are appropriated directly to:
 - Large Urban Areas (greater than 200,000 population)
 - Small Urban Areas
 - Rural Areas
- Direct recipients have flexibility in how they can allocate funds; formula-based, competitive, or discretionary

Recipients

- Private, nonprofit organizations
- State or local government authorities
- Operators of public transportation – including private operators

DIRECT RECIPIENT (DCHCMPO) ROLE

- Responsible for grant administration and oversight of sub-recipients
- Notify eligible local entities of funding availability
- Document the MPO's procedures in a state management plan (SMP) or program management plan (PMP)
- Develops project selection criteria consistent with coordinated planning process
- Determine applicant and project eligibility
- Updates locally coordinated plan
- Accounting and grant compliance
- Submits an annual Program of Projects (POP) and grant application to FTA
- Certifies that all projects are included in a locally developed, coordinated public transit-human services transportation plan, such as the CPT-HSTP

Eligible Projects and Activities

Traditional Activities (not less than 55% total grant)**	Additional Public Transportation Projects (up to 45% total grant)
Capital Expenses such as: <ul style="list-style-type: none"> • Vehicle Purchase and Rehabilitation • Wheelchair lifts, ramps, and securement devices • Preventative maintenance • Purchase and installation of passenger amenities 	Capital projects intended to meet special needs when public transportation is unavailable, insufficient, or inappropriate
Transit-related technology systems, including scheduling/routing/on-call systems	Improve access to fixed-route service and decrease reliance on complementary paratransit
Mobility Management Programs: <ul style="list-style-type: none"> • Promotion, enhancement and facilitation of access to transportation services • Support for short-term management activities • Support of state and local coordination bodies • Provision of coordination services • Development and operation of one-stop transportation traveler call centers • Operational planning for the acquisition of ITS 	Provide alternatives to public transportation that assist seniors and individuals with disabilities with transportation
Acquisition of transportation services under a contract, lease, or other arrangement	Projects that exceed the requirements of the ADA <ul style="list-style-type: none"> • Expansion of paratransit service parameters • Expansion of hours of operation for ADA paratransit services • Incremental cost of providing same day or door-to-door service • Service level enhancements • Feeder services
<p><i>**These projects MUST be planned, designed, and carried out to meet the specific needs of seniors and individuals with disabilities. It is not sufficient that these individuals are merely included</i></p>	Projects that improve accessibility <ul style="list-style-type: none"> • Making accessibility improvements to transit and intermodal stations not designated as key • Travel training
	Alternatives that assist seniors and individuals with disabilities with transportation <ul style="list-style-type: none"> • Purchasing vehicles to support accessible taxi, ride-sharing, vanpooling • Supporting administrative expenses related to voucher programs • Supporting volunteer driver and aide programs

- Must be included in a Coordinated Public Transit-Human Services Transportation Plan
 - Ours was last updated in 2019 and will be updated again in 2024
- Must be included in the MTP
