GoTriangle Board of Trustees, January 25, 2023

Orange County

Transit Plan FY25 Annual Work Program

DRAFT

SUMMARY

The Orange County FY25 Annual Work Program (AWP) balances the careful use of taxpayer dollars with planned transit investments. While previous Work Programs focused on completing projects included in the 2022 Orange Transit Plan, the FY25 Work Program looks to initiate new services identified in the Orange County Transit Plan. Even with the new services, FY25 continues operating improvements for Orange County transit users:

- Improvements to Orange County Fixed Routes, Demand Response and Mobility-on-Demand
- Additional service on Chapel Hill Transit routes A, CM, CW, D, F, HS, J, and NS
- Additional service on GoTriangle routes 400, 405, 800, CRX and ODX
- Expansion of GoTriangle Paratransit service
- The Hillsborough Amtrak Train Station and co-located bus stop

In addition to the above services, most of which have been provided for many years, there are some relatively new operating services that will continue in FY25:

• An annual installment for replacement bus purchases

The primary capital improvement in the FY25 Work Program remains the Chapel Hill Transit North-South Bus Rapid Transit (N-S BRT) project. Funding is available in FY25 and beyond to continue the planning, design, and construction for this project. In addition to the N-S BRT, the following capital projects are funded:

- The Hillsborough Amtrak Train Station and co-located bus stop
- An annual installment for replacement bus purchases
- Vehicle acquisition and replacement
- Regional Fleet and Facilities Study Implementation Nelson Road

FY 2025 expenditures balance with revenues, primarily due to significant sales tax revenue growth. The North-South BRT project implements an important transit plan capital investment.

RECOMMENDED CAPITAL EXPENDITURES							
Transit Infrastructure	\$665,000						
Vehicle Acquisition	\$426,351						
Bus Rapid Transit	\$4,000,000						
TOTAL	\$5,091,351						

RECOMMENDED OPERATING EXPENDITURES							
Transit Plan Administration	\$676,751						
Transit Operations	\$5,626,763						
Tax District Administration	\$329,284						
TOTAL	\$6,632,798						

ORANGE CAPITAL FUND BALANCE PROJECTED						
Fund Balance projected at end of FY 2024	~\$11,000,000					
Proposed FY 25 Fund Balance Transfer	\$983,093					
TOTAL	~\$11,983,093					

PROJECTED REVENUE							
½ Cent Sales Tax	\$11,500,00						
\$3 Registration Fee	\$363,596						
\$7 Registration Fee	\$843,646						
TOTAL	\$12.707,242						

This proposed work plan designates funding to five (4) agencies in FY25: Orange County/OPT, Chapel Hill/CHT. Hillsborough, and GoTriangle. Programmed expenditures by agency:

RECOMMENDED EXPENDITURES BY AGENCY							
Orange County/OPT	\$1,373,709						
Chapel Hill/CHT	\$7,127,154						
GoTriangle	\$3,182,484						
Durham-Chapel Hill-Carrboro MPO	\$40,801						
TOTAL	\$11,724,149						

BACKGROUND

The governing boards of GoTriangle, DCHC MPO, and the Orange County Board of Commissioners adopted the first Bus and Rail Investment Plan in 2012, prior to the referendum on the transit sales tax. Following adoption of the transit sales tax referendum and passage of the Orange County transit sales tax referendum in 2012, an Interlocal Agreement (ILA) was adopted by the three parties in 2013. The ILA guides the overall implementation of the four transit tax funds and the expanded transit network they are used to fund. The governing bodies of the ILA are:

- Research Triangle Regional Public Transportation Authority (Go Triangle)
- Durham-Chapel Hill-Carrboro Metropolitan (DCHC MPO)
- Orange County

In 2023, The Comprehensive Participation Agreement (CPA) was approved by all project sponsors and updated the Staff Working Group (SWG), comprised of staff from all CPA parties.

Per the ILA and CPA, the SWG is charged with producing a recommended Orange Annual Transit AWP to the governing boards. The AWP is comprised of annual operating and capital budgets, including future assumptions of revenue and spending on those operating and capital projects. This Draft FY25 work program operates under the current 2022 Orange Transit Plan. The Draft FY25 Work Program incorporates high-priority projects identified through the planning process for the new Orange County Transit Plan. Those projects that require an amendment to the 2022 Plan, per the existing ILA, will undergo that process prior to adoption of the FY25 Work Program.

FY 2025 ORANGE TRANSIT WORK PROGRAM

FY 2025 REVENUES

A total of \$12.7 million in expected local revenues is budgeted in the FY25 Work Program from the four funding sources available to the transit tax district, as provided in NC law. The largest source of funds is the half-cent local option sales tax. Administered by GoTriangle, the local sales tax went into effect in 2013. The total amount of expected revenue in FY25 from the half-cent sales tax for Orange County is \$11.5 million. In addition to the half-cent sales tax, the FY25 Work Program has two other revenue sources: A portion of the 7% registration fee that is apportioned to Orange County is \$843,646 is projected for FY25. A \$3 county vehicle registration fee; \$363,596 is projected.

FY 2025 EXPENDITURES

The expenditures described below are divided between operations (including administration), and capital.

Operating

FY 24 Adopted: \$6,027,716FY 25 Submission: \$6,632,798

Capital

FY 24 Adopted: \$9,850,421
 FY 25 Submission: \$5,091,351

The FY25 Work Program continues all service enhancements from the 2022 Orange Transit Plan and have been funded in previous work programs, with no cuts to existing operations. These operations projects include additional service (above 2013 levels) on the following Orange Public Transit, Chapel Hill Transit, and GoTriangle routes:

Orange County						
Demand Response	Orange-Chapel Hill Connector					
Orange-Alamance	Hillsborough Circulator					
Mobility-On-Demand						
Chapel Hill Transit						
CHT A	CHT CM					
CHT CW	CHT D					
CHT F	CHT HS					
CHT J	CHT JS					
	Go Triangle					
Route 400	Route 405					
Route 800	ODX					
CRX						

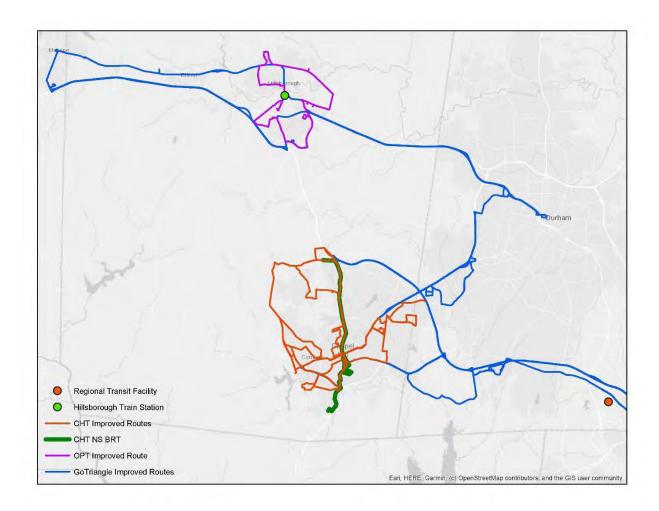

Figure 1: Transit Fixed Routes

In addition to these route-specific improvements,

- Chapel Hill Transit expanded services throughout its system on Saturdays and Sundays, including expansion of the on- demand EZ Rider service.
- Orange County Mobility-on-Demand expanded to six days a week on May 1, 2023, and updated its ADA Paratransit Plan in 2022.
- Rural transit services were improved through Orange County Demand Response in partnership with Department of Aging and Department of Social Services.

More information on each of the operations improvements are available in the project sheets later in this document.

Included as part of the operations budget, administrative services for the transit plan and the transit tax district are provided by Orange County and Go Triangle. The total programmed budget for administrative services in FY25 is \$1,006,036. Ongoing administrative services increased by 2.5 percent from FY23, which is the standard cost of living increase for all projects year over year. Administrative costs are broken out into two distinct functions: transit plan administration and transit tax district administration.

Administration of the transit plan is conducted by two entities: GoTriangle and Orange County. GoTriangle provides transit planning, public outreach, and legal and administrative support services. Furthermore, the necessary oversight and administration of GoTriangle's capital and operating projects are handled through transit plan administration. Orange County hosts the Staff Working Group (SWG) administrator, who is responsible for coordination of the SWG, which

includes staff representatives for the parties to the ILA and makes recommendations on budget issues, oversees implementation of the transit plan and annual work program, and prepares the draft annual work program for adoption. The SWG administrator also drafts the work program and other supporting documents for the SWG. The total budgeted for transit plan administration in FY25 is \$676,751.

GoTriangle staff manage the financial aspects of the Orange Transit Tax District. In addition to managing the budgets and reimbursements as called for in the annual work programs, Orange Transit Tax District staff handle all fiduciary responsibilities for the Orange Transit Plan as a whole, including financial modelling for the development of the new Orange Transit Plan. The total budgeted for transit tax district administration is \$329,284.

Projected Capital Expenditures: \$5,325,391.

The capital projects budgeted in FY25 are in three categories: bus rapid transit (BRT), transit infrastructure, and vehicle acquisition. More detail on each project can be found in the project sheets at the end of this document.

Funding continues for development of Chapel Hill Transit's North-South Bus Rapid Transit (N-S BRT) project, which will provide service from the Eubanks park-and-ride lot to Southern Village, also serving downtown Chapel Hill and the UNC campus and hospital. In FY25, \$4,000,000 is designated for N-S BRT.

The remaining capital funds for FY25, \$4,000,000 is an annual contribution to future purchases of replacement vehicles for service supported by the transit tax. The useful life of a bus ranges from 10-15 years, and bus purchases for operations that are funded by the Orange Transit Tax Fund are an eligible expense. GoTriangle is introducing a new methodology for vehicle acquisition planning in FY24. Rather than setting aside a large amount of funds in the year in which the vehicles are to be ordered, making it difficult to make any other capital improvements in that year, instead GoTriangle is beginning a "level buying" program, in which a set amount of money is set aside each year for future purchases.

Project Description/Scope	Enter below a summary of the project that may later be used as the project			

The project request is a continuation of on-going operating and consolidation of 19GOT_AD1 and 20GOT_AD1 submissions approved in previous work plans with a revised project name of Tax District Administration Finance Team. Financial oversight staff to the Orange Transit Plan for a total of 1.0 FTE. In FY25 the roles will continue improve financial policies, provide financial analysis for the new Transit plan development including the commuter rail project, and process quarterly reimbursements and reporting. The 1.0 FTEs will also be responsible for producing annual operating and capital budgets and ordinances (and amendments thereto), updating the Orange Transit financial plan/model, annual financial reports, coordinating integration of proposed plans into the budget, monitoring spending to ensure the Orange Transit budget stays balanced. The team will also navigate and lead the process of debt issuance, transit fund revenue investing and the yearend financial audit for the Orange Transit Plan.

For youth ages 13-18, transit agencies across Orange, Wake and Durham County will continue to offer a 'Youth GoPass' program. These fare passes are issued by GoTriangle, GoDurham, GoRaleigh, or GoCary with valid K-12 School ID Cards, or with transit agency issued identification cards. GoTriangle, GoDurham GoRaleigh, GoCary, and , in partnership with the respective County's, will continue to work with schools along triangle County's bus network to issue the passes. Passes will also continue to be available to those with a valid ID at GoDurham Station, GoRaleigh Station, the Town of Cary Finance Department, the GoTriangle Regional Transportation Center, public libraries, and regional centers. This project covers the cost of offsetting fares that would have been collected by GoTriangle in the county share of routes, in addition to purchasing the supplies needed for this program. The estimated cost is allocation of GoTriangle- Orange share of Youth GoPass boardings in Orange County.

This project will cover the annual costs associated with updated mobile ticketing technology for GoTriangle buses. Share of cost based on FY19 boardings reported in Orange County.

This project request also allocates a portion of hold harmless against any reduction of fare revenue as a result of implementing this uniform fare strategy. The regional fare-working groups priorities include (1) Improving Pass Distribution and Sales; (2) Balance Revenue and Ridership Goals; (3) Improve the Passenger Experience; (4) Improve Regional Coordination; (5) Make Transit an Affordable Option; and (6) Explore New Fare Technologies. These earmarked funds will be estimated and will be dependent on the final methodology developed by a Fare Working Group.

NOTE: The project request is a continuation of on-going operating: Consolidation regional transit planning functions from 20GOT_AD3 (support consultants) submissions approved in FY20 Workplan. GoTriangle is requesting reimbursement for on-going support costs (including indirect costs) that benefit the Orange County Tax District. The Support Consultant costs are split 50% Durham and 50% Orange which include regional contracts. FY25 Update: GoTriangle is requesting reimbursement for on-going support costs (including indirect costs) that benefit the Wake County Tax District. This includes the Orange County share of the \$31,775 (base year of FY25) of the Triangle Regional Model Service Bureau contract. The revised split for this contract is split as follows: 70-20-10 Wake - Durham - Orange. This split reflects the ratio of population and employment that benefits from this support service among the counties.

This project culminates service improvements to Chapel Hill Transit operations using Orange Transit Tax funds from its inception in 2013. These funds provide additional hours of operation at times that were most demanded by the public: evenings and weekends. This project funds evening and weekend service on the following routes: A, CM, CW, D, F, HS, J, and NS. This project allowed Chapel Hill Transit to operate Sunday service for the first time. In addition, this project funds expansion of the on-demand EZ Rider service.

Improvements to the HS route add weekend transit services and provides connections to higher-density neighborhoods and multifamily housing. The HS route covers a large area of Chapel Hill, and this project improves transit access to key destinations along Martin Luther King Jr. Boulevard. The service improvement benefits lower-income communities and fulfills a stated public need for weekend service in transit reliant neighborhoods.

UPDATE 231213: This sheet includes FY25 and future year costs for SRTP Route 800 - this project is revenue-hour neutral compared to FY21 Transit Plan work program (service reduction took effect midyear FY21 in route 800 that reduced revenue hours in FY22 work program and forward, this request is to restore the FY21 hours and support SRTP implementation.)

This project consolidates all off-peak span and frequency improvements to GoTriangle Route 800 (Chapel Hill - Southpoint - RTC) since the Tax District began providing funding for it. On Route 800:

- Weekday midday frequency was increased from 60 to 30 minutes.
- Saturday daytime frequency was increased from 60 to 30 minutes.
- Saturday evening service was extended from 7:15 PM to 11:20 PM.
- Sunday service was added from 6:45 AM to 7:20 PM. It also includes former 19GOT_TS1 extending service to 9:20 PM (the 800 component) and 18GOT_TS4 adding additional trips (800S) Costs are allocated 50% to Durham County and 50% to Orange.

- Saturday daytime frequency was increased from 60 to 30 minutes.
- Saturday evening service was extended from 6:55 PM to 10:55 PM.
- Sunday service was added from 7:00 AM to 6:55 PM. It also includes former 19GOT_TS1 extending service to 8:55 PM (the 400 component).

Costs are allocated 50% to Durham County and 50% to Orange.

This project advances "Continuation of Transit Services" (19OPTS1) as previously approved in each annual work program and in accordance with the new 2022 Orange County Transit Plan. Focus is primarily on fixed routes implemented since the approval of the transit tax in 2013. Orange County Transit service area boundary was updated 2 times prior to its most recent expansion in January 16, 2024. FY25 Fixed Routes include and not limited to:

- * Orange Alamance Connector
- * Orange Chapel Hill connector (referred to Hill- to- Hill).

Mobility on Demand is a micro-transit service with same day reservation, using ADA accessible vehicles to service rural and urban areas. Project focuses specifically on underserved and Environmental Justice Community of Concern areas for access to urban areas 6-days a week (Monday thru Saturday) from 9 am - 5 pm. Full implementation to six days a week started May 1, 2023 as demand continues to increase. Orange County Transportation Services has Memorandums of Understandings with different departments in the County, like Department on Aging (DOA), Criminal Justice Resources Department (CJRD), Department of Social Services (DSS) and others. All are seeking to meet the increasing needs of rural public transportation.

UPDATE 231213: revised project cost per Fare Work Group Conversation

Due to the onset on the COVID pandemic in 2020, GoTriangle has remained fare free. According to the FY23 onboard surveys completed, more riders have opted to use GoTriangle bus than prior to the pandemic. The surveys also indicate 32% of riders reported household incomes of less than \$15,000 a year, increasing from 18% reported in 2019. As GoTriangle prepares to return to fares in FY25, a Title VI equity analysis was completed to evaluate the effects of the fare change on minority and low-income populations and to identify mitigation strategies if necessary. The analysis concluded no disparate impacts or disproportionate burden were founded, mitigation strategies were proposed to maximize access to discount fare programs for minority and low-income customers. GoTriangle is requesting funding allocation from Orange County to provide zero fare passes for low-income qualifying individuals beginning in FY25. GoTriangle will work with the Orange County Staff Working Group to identify qualifying measures and ensure necessary policies and procedures are in place prior to July 1, 2024. GoTriangle is currently completing a study that will provide a framework for a low-income fare program. This framework will be presented to the Orange County Staff Working Group and can be used to assist in further developing of policies and procedures for the low-income fare program. The total amount funded from the Orange Tax Revenues, will offset fares that would have been collected by GoTriangle, in addition to purchasing the supplies needed for this program. The funding allocation will be monitored and evaluated as other providers make decisions regarding fares. This allocation should be available to all Orange County transit providers who return to fares in the future. This financial information included in this sheet is an estimate to be used for budget purposes. GoTriangle and the Orange County Staff Working Group will work on developing administrative needs for the project and adjust financials as needed.

FY25 PROJECT SHEETS CAPITAL

REQUEST #	Project Name	Requesting Agency	
23GOTCD4	New Regional Transit Facility (Orange County share)	GoTriangle	
Estimated Start Date	Estimated Completion	Estimated Capital Cost	
EV20	FV20	FY2025 (Current)	\$ 140,000
FY20	FY28	FY 2026 (Subsequent)	\$ 140,000
Project Description/Scope	Enter below a summary of the project that may later be used as the project		

The FY25 request includes phase II of the project, which consists of land acquisition, design, and construction of a new regional transit center (RTC).

The Triangle Mobility Hub (aka regional Transit Center relocation) will provide travel time savings to riders of route 800 which serves Chapel Hill and UNC. The Triangle Mobility Hub and bus network improvements it enables will provide faster, more frequent connections for longer periods of the day to Orange County residents wishing to travel to destinations in/around RTP, including Hub RTP and Boxyard, as well as in Southern Durham County and Wake County. Additionally, through improved travel times / reduced operational costs, the relocation will also enable GoTriangle to realign the 800 and 805 in order to provide all day service, for the first time, on route 805 which also serves Chapel Hill and UNC. This concept was identified in the Draft GoTriangle SRTP and viewed favorably by riders on the 800 and 805.

The completed feasibility study includes an evaluation of the current facility and identification of necessary passenger amenities and infrastructure improvements, and a feasibility study to evaluate the potential new locations for the RTC, taking into consideration current and future planned routes, land use, supply, and price. This study will be used to inform the location and design of phase II. The feasibility study was funded by county transit plans in Wake, Durham, and Orange counties.

Please detail project justification

The GoTriangle Regional Transit Center (RTC) is the primary hub for GoTriangle regional bus services connecting Wake, Durham, and Orange Counties. This study includes an evaluation of the current facility and identification of necessary passenger amenities and infrastructure improvements, and a feasibility study to evaluate the potential new locations for the RTC, taking into consideration current and future planned routes, land use, supply, and price. The current location of the RTC on Slater Road in Durham creates overlapping routes leading to inefficiency and is not proximate to I-40 which causes delays and reduced reliability during peak commuting times. The feasibility study is evaluating location options that improve operating efficiency and reliability, connections to planned BRT and CRT, as well as potential for transit-oriented development.

FY20	FY28	FY2025 (Current)	\$ 525,000
F120	F1Z8	FY 2026 (Subsequent)	\$ 750,000
Project Description/Scope	Enter below a summary of the project that may later be used as the project		

The project sheet requests funding for phases of Design and construction required to operate services identified in the Transit Plan. The fleet and facilities study evaluated constraints and needs for maintenance, storage, fueling and servicing capacity as well as work-flow efficiency at the GoTriangle Nelson Road bus operations and maintenance facility. The outcome of this study will include site selection, schematic design, and cost estimates for a new and/or expanded facility. The study included a regional coordination element to identify opportunities for shared facilities for vehicle storage, servicing and/or repairs. The study has identified onsite expansion and renovation of the current Nelson Road facility as the most cost-effective option to address current needs and provide opportunity to address future fleet needs over the course of the useful life of the renovated facility: 40+ years. The completed study will include phases and associated costs of handling the fleet required to operate the services identified in the Bus Plan.

Please detail project justification

The GoTriangle Operations and Maintenance Facility at 5201 Nelson Rd. Morrisville, NC was originally constructed in 1998. In 2006, the facility was updated to add

space for administrative functions. GoTriangle is currently operating near capacity of the existing facility. GoTriangle's Regional Fleet and Facilities Study recommends the design, renovation, and expansion of their Nelson Road Operations and Maintenance Facility. This capital improvement will add the needed capacity required to accommodate GoTriangle's projected fixed-route fleet of 120 buses, including vehicles needed for operations in Wake, Orange, and Durham Counties, through 2050. The renovation and expansion will also include updates to better accommodate the facility's administrative functionality. The Regional Fleet and Facilities study has also projected the need to relocate GoTriangle's paratransit maintenance and servicing to a new facility to reach full build-out, the funding for which is not included in this project's design and construction allocation. Facility costs to update the Nelson Road facility will be shared across GoTriangle's service areas.

Project Description/Scope	Enter below a summary of the project that may later be used as the project		

Orange Transit share of the GoTriangle level buying bus strategy. GoTriangle will serve as project sponsor as these new buses will replace existing buses that have reached its useful life. There has been an increase of maintenance cost by maintaining high mileage vehicles and a reduction in reliability. Vehicle purchase requests correspond to the fleet replacement plan.

Please detail project justification

Project allocation was included in the project sheet submission for FY24. Vehicle acquisition is a critical part of the passenger experience, meeting bus schedule timelines and accomplishing the goals of the Orange County Transit Plan Update.
