

Introduction

Improvement Program (STIP).

The **Full Draft STIP** tab lists all projects in the Draft STIP, including those previously selected for funding through the Strategic Transportation Investments (STI) prioritization process, alternate criteria projects (interstate maintenance, bridge, safety, and MPO direct attributal projects), exempt projects (such as congestion mitigation projects), transit projects, and others.

The **Projects Eligible for Swaps** tab is a subset of projects listed on the Full Draft STIP. Projects listed are eligible to be swapped with other projects, as long as both NCDOT and the Metropolitan Planning Organization (MPO) or Rural Planning Organization (RPO) in which the project is located agree to the swap AND the total cost of any project(s) swapped into the Draft STIP is less than 110% of the costs of project(s) swapped out. Please note that only STI funds needed for each phase (right of way, utilities, and construction) are listed on this

The **Fund Sources** tab lists the full title of the fund sources listed on the Full Draft STIP and Projects Eligible for Swaps tabs.

information for your needs. Projects are initially sorted by County, Mode, Route, and Description.

DRAFT and is SUBJECT TO CHANGE. A revised Draft STIP is expected to be released in December 2022 following any funding swaps, with adoption of the Final 2024-2033 STIP by the Board of Transportation in the Summer of 2023.
