**Date:** December 9, 2020

**To:** Mike Stanley, NCDOT STIP Office  
**From:** Felix Nwoko, DCHC MPO  
**Subject:** TIP Amendment #3 and Locally Administered Projects

As part of TIP Amendment #3, DCHC MPO is amending several locally administered projects to reflect more realistic project delivery schedules. A list of amended locally administered projects is attached.

Based on discussions with the STIP office, three locally administered projects are being delayed to allow U-5823 Woodcroft Parkway Extension, which had a construction delay until FY 31 in the STIP reprogramming exercise, to move into construction in FY 25. These projects are:

- EB-5837 Third Fork Creek Trail
- EB-5834 Guess Road Sidewalks
- EB-5835 NC 55 Sidewalks

MPO and City of Durham staff are proposing schedule delays to these three projects — instead of an over ten-year delay to the Woodcroft Parkway Extension project — so that the City of Durham does not lose design work that has already been completed on the Woodcroft Parkway Extension. The City of Durham has paid for the design of the Woodcroft Parkway Extension with local funds.

Should you have any questions or comments, please contact Anne Phillips of the DCHC MPO staff at (919) 886-0258 or [anne.phillips@durhamnc.gov](mailto:anne.phillips@durhamnc.gov).

\* Construction of the Woodcroft Parkway Extension (U-5823) was delayed to FY 31 in the STIP reprogramming exercise. The TIP has not been amended to reflect this change. In accordance with discussions with the STIP office, DCHC MPO is modifying the schedules of three projects (EB-5837, EB-5834, and EB-5835) to allow U-5823 to move into construction in FY 25. This would allow the City of Durham to use the design work that has been completed for this project. NCDOT can amend the STIP to reflect these changes once the DCHC MPO Board approves TIP Amendment #3.
