

Performance Measure Crosswalk: 2050 MTP Adopted vs. Draft 2055 MTP

September 10, 2024

Key:

2050 MTP Performance Measures that were **removed/changed** for the 2055 MTP

2050 MTP Performance Measures that were **moved to another goal** for the 2055 MTP

2050 MTP Performance Measures that are the **same** for the 2055 MTP

NEW Draft 2055 MTP Performance Measures

Goal: Connect People and Places

2050 MTP Performance Measures	Draft 2055 MTP Performance Measures
<ul style="list-style-type: none"> • % of work and non-work trips by transit/auto that take less than 40/20 minutes by MPO, low-income, minority and zero-car households. • Average travel time for work and non-work trips by transit/auto by MPO, low-income, minority and zero-car households. • Percentage of transit and bicycle/pedestrian mode shares in "travel choice neighborhoods" • Percentage of jobs in "travel choice neighborhoods" 	<ul style="list-style-type: none"> • # of jobs within 30 min by transit/auto/walk for communities of concern/underrepresented communities¹ • % of jobs/population in Travel Choice Neighborhoods² • % of communities of concern/underrepresented communities in Travel Choice Neighborhoods • % of communities of concern/underrepresented communities with "good" or "excellent" transit and/or walk access • % of communities of concern/underrepresented communities with greater-than-average work-trip travel times

¹ **Communities of concern (CAMPO) and underrepresented communities (DCHC MPO)** are communities with high concentrations of one or more of the following: minority residents (non-White race and/or Hispanic/Latino residents), low-income households, seniors, residents with limited English proficiency, or households with no vehicles. Data source: U.S. Census Bureau, 2022 American Community Survey 5-Year Estimates.

² **Travel Choice Neighborhoods** are neighborhoods located within ¼ mile of existing or planned high-frequency (headways of 15 minutes or less during peak period) bus routes or within ½ mile of planned premium transit stations (bus rapid transit or passenger rail).

2050 MTP Performance Measures that were **removed/changed** for the 2055 MTP

2050 MTP Performance Measures that were **moved to another goal** for the 2055 MTP

2050 MTP Performance Measures that are the **same** for the 2055 MTP

NEW Draft 2055 MTP Performance Measures

Goal: CAMPO: Promote and Expand Multimodal and Affordable Transportation Choices; DCHC MPO: Ensure That All People Have Access to Multimodal and Affordable Transportation Choices

2050 MTP Performance Measures	Draft 2055 MTP Performance Measures
<ul style="list-style-type: none"> • Per capita transit service hours • Total transit boardings per capita • MPO total programming per capita on bicycle and pedestrian facilities • Proportion of jurisdictions that have an ordinance requiring developers to build or pay in lieu for sidewalks 	<ul style="list-style-type: none"> • % of bus stops that meet ADA requirements • Transit service miles (total and high-frequency routes) • Bus average on-time performance • MPO total programming per capita on bicycle and pedestrian facilities • Proportion of jurisdictions that have an ordinance requiring developers to build or pay in lieu for sidewalks • Bike/Ped level of traffic stress • Transit ridership/Total transit boardings per capita • Transit and non-motorized mode share in Travel Choice Neighborhoods (moved from previous goal)

Goal: Manage Congestion and System Reliability

2050 MTP Performance Measures	Draft 2055 MTP Performance Measures
<ul style="list-style-type: none"> • Interstate LOTTR (level of travel time reliability) • Non-interstate NHS LOTTR • Daily minutes of delay per capita • % of peak-hour travelers driving alone • Total individuals provided TDM program and activity support • Amount of ITS investments 	<ul style="list-style-type: none"> • Interstate LOTTR (level of travel time reliability) • Non-interstate NHS LOTTR • Total and per capita minutes of delay for auto and non-auto (transit & non-motorized) trips • Average congested travel time for auto/transit (AM) • Number of alternative transportation users supported by the TDM program/VMT reduced • ITS Investments (\$) per capita or ITS treatment miles by freeway and arterial

Key:

2050 MTP Performance Measures that are the **same** for the 2055 MTP

NEW Draft 2055 MTP Performance Measures

Goal: Ensure Equity and Participation

2050 MTP Performance Measures	Draft 2055 MTP Performance Measures
<ul style="list-style-type: none">• At least 80% of public involvement plan (PIP) requirements are met• Link to Environmental Justice reports from both MPOs	<ul style="list-style-type: none">• Impact of planned highway improvements on communities of concern/underrepresented communities• % of communities of concern with greater-than-average minutes of delay per capita• % of public engagement/involvement plan requirements met• Link to Environmental Justice reports from both MPOs

Goal: **CAMPO**: Stimulate Economic Vitality and Opportunity;

DCHC MPO: Stimulate Inclusive Economic Vitality

2050 MTP Performance Measures	Draft 2055 MTP Performance Measures
<ul style="list-style-type: none">• Interstate truck TTR (travel time reliability)• Vehicle miles of travel (VMT) per capita and total	<ul style="list-style-type: none">• Interstate truck TTR (travel time reliability)• Vehicle miles of travel (VMT) per capita and total• Average travel distance for work trips• % of TIP projects completed on time
