### **State of the Region Report (10 minutes)** **Felix Nwoko, LPA staff**

The DCHC MPO has recently completed the 2019 State of the Region report, a synopsis of demographic and economic trends affecting travel behavior and transportation system performance in the DCHC region. The report is organized into five chapters addressing demographics, the regional economy, regional structure and commuter flows, mobility metrics, and safety. The report sheds light on how the transportation system supports DCHC's goals of providing great quality of life, economic viability, and promoting environmental sustainability through transportation investments by providing a data-focused evaluation of the issues that affect - and are affected by - transportation.

On October 14, 2020, the DCHC MPO Board released the 2019 State of the Regional report for a 21-day public comment period. To date, no public comments have been received.

**TC Action:** Recommend that the Board adopt the 2019 State of the Region report.

**Board Action:** Adopt the 2019 State of the Region report.
