GoDurham Section 5307 and 5339 Proposed Program of Projects (10 minutes)

Pierre Osei-Owusu, GoDurham

GoDurham will hold a public hearing at the DCHC MPO Board meeting on Wednesday, October 13, 2021, to receive public comments on the Section 5307 and Section 5339 Proposed Program of Projects (POP) identified in the attachment. The 5307 capital activities identified in the Program of Projects are associated with the City of Durham's operation of GoDurham and the purchase of replacement buses. The 5339 capital activities identified in the Program of Projects are associated with the purchase of a GoDurham bus and vans for ACCESS service.

To meet the Federal Transit Administration's requirements for receiving federal funds, GoDurham annually publishes its Program of Projects (POP) to inform the public about the receipt of federal funds and how the transit system plans to use those funds. In addition to placing a notice in a local newspaper, GoDurham holds a hearing to give the public the chance to provide comments related to the POP.

TC Action: Recommended that the MPO Board hold a public hearing for GoDurham's 5307 and 5339 Proposed Program of Projects.

Board Action: Hold a public hearing for GoDurham's 5307 and 5339 Proposed Program of Projects.
